Advice to Owners

Class will be automatically suspended upon failure to complete the Special survey or Continuous Survey of the Hull Cycle by the due date unless, under exceptional circumstances, a postponement for completion has been agreed (maximum 3 months). Also Class will be automatically suspended upon failure to complete the Annual or Intermediate Survey within 3 months of the due date.

Other periodical surveys and conditions of class should be dealt with by the due date unless postponed by the agreement. Non-compliance may jeopardise Class. If the Class is suspended Statutory Certificates issued by Lloyd's Register will automatically become invalid.

For Vessels Other than Yachts and Inland Waterway Vessels

In Accordance with part 1 of the Rules and Regulations for the Classification of Ships, The Intermediate Survey may be held at the Second or Third Anniversary after completion, Commissioning or Special Survey.

Where it is currently scheduled for the second anniversary the survey may, at your discretion, be deferred until the Third Anniversary. Where ITSS has been deferred the Survey must be held within the period shown to comply with Survey Requirements.
